

# UPCOMING: WEEKEND CLOSURES

## Southbound 15 Lanes, Ramps, and 15/91 Connectors

Riverside County Transportation Commission (RCTC) requires work to be completed on additional drainage for the southbound 15 between Hidden Valley Parkway and the 15/91 Interchange. This work is scheduled over three consecutive weekends in January 2021.

For the safety of crews and motorists, this work requires intermittent weekend closures of the 15 South to 91 East/West connectors. Lane reductions on southbound 15, between Hidden Valley Parkway and the 15/91 interchange, also will be in place as well the closure of the southbound 15 Hidden Valley Parkway on-ramp. Motorists can use Main street to southbound 15.

To assist motorists, detour information will be posted on southbound 15.

DETOUR: During the closure of the 15/91 Connectors, motorists can use southbound 15 to Magnolia Ave. off-ramp, follow signs to northbound 15 to access 91 east and west connectors.
